- Anything that is decided will fully comply with all the laws and expectations of the town.
- Leslie Niles from Fire Apparatus and Equipment looked over the same trucks that RW Management appraised and the results were shared.
- There was a Brain Storming Session to make a chart to show topics of Manpower, Equipment and Supervision. The information that was discussed will be included as a spread sheet in a separate document.
- The person that would be elected would still need to be approved by the Town Board for the chief and other officer positions.
- If Winchester is a satellite station the hierarchy is still going to be there
- Fire engines can be front line for 20 years then be used as a back up for an additional 20 years.
- Who is going to get what? Who decides?
- Talk about which vehicles Winchester wanted to keep.
- Next Joint Fire Board meeting is Monday December 14, 2015 at Winchester Town Hall, everyone is encouraged to come.
- Next Citizens Committee Meeting is Thursday December 17, 2015 at 6:30 p.m.
